### **Notice to Agent is Notice to Principal; Notice to Principal is Notice to Agent.**

Dear Ms. Gomes,

As a former high energy physicist from the University of Oxford and as an expert investigator, I am writing to inform you in your official function as member of the European Parliament, as member of the LIBE and SEDE Committees and as member of the Delegation for relations with the US, of large scale crimes against humanity and a covert genocide being committed against the civilian population in Europe that require immediate action by your Committees and the European Parliament, namely, large-scale

1. extermination of the European population with Directed Energy Weapons,
2. non-consensual covert programs to implant the civilian population with microchips for remote-controlled torture, rape and murder, which has been conducted for the past 3 decades and has been so successful that the at least 30-50% of the civilian population is already implanted without their knowledge,
3. neurotechnology attacks with advanced weapons systems that utilise a combination of non-consensual implants, nanotechnology (for example "smart dust") and Directed Energy Weapons to achieve wide-spread neurological control and manipulation of the population.

After investigating these crimes for 3 years, I have started an international collection of court-actionable affidavits a few months ago. These affidavits are made under oath and with a Statement of Truth that is signed and witnessed by a person entitled to administer oaths. These affidavits thus form an indelible record of the crimes and can be used for litigation immediately. They can be found here:  
<https://jointinvestigation.org/appeals/international-affidavits/>

I attach the summary from the very first 15 affidavits that have been submitted. There are many more that are being prepared and are close to submission, so this is just the first glimpse into crimes that are known to affect several million people. What is already revealed by these affidavits is the existence of a global terror and extermination program that is for a life-sentence for victims and has the death of the victim as its goal. Throughout the extremely brutal and sadistic assaults that the victims suffer, they have modern weapons tested on their bodies, are subjected to sadistic Nazi-style human experimentation and have their life, personal relationships and income systematically destroyed.

I also would like to stress that these targeting programs are being investigated by the top Intelligence Agency whistleblowers, expert scientists and leading researchers in Europe and North America. They have uncovered that these programs involve

- Stasi style terror stalking and frequent housebreaking by the respective Domestic Intelligence Agencies, such as MI5, and private contractors, such as Lockheed Martin, in every country,
- fake "terror watchlists" that even single mothers, disabled people and children are placed on to justify their torture in Nazi-style human experimentation and their neurological disintegration for the Human Brain Project,
- gunning of people in their own homes and in their beds at night by the NATO Space Command and US Space Command using high-precision Directed Energy Weapons mounted on satellites firing Pulsed Energy Projectiles into the homes using the fact that these electromagnetic projectiles pass through the roof, walls and even sheet metal without being stopped,
- gunning of car drivers and pedestrians in the streets of all cities of Europe and the US using Directed Energy Weapons hidden in modified cars,
- remote-control of non-consensual covert chip implants in the population using the telecommunication system (including frequent daily rape of victims and particularly sadistic rape of women and children).

These horrific Nazi-style crimes are part of published (!) global genocide plans that can be found on the website of a private Intelligence Agency that is monitoring global weapons sales. According to the genocide plans, many million people are to be murdered in every European country within the next 6 years. This can be seen by comparing the population numbers in 2017 to the "Forecast 2025" in each country file, see for example

- US (227 million people to be murdered):  
[http://www.deagel.com/country/United-States-of-America\\_c0001.aspx](http://www.deagel.com/country/United-States-of-America_c0001.aspx)
- UK (51 million people to be murdered):  
[http://www.deagel.com/country/United-Kingdom\\_c0209.aspx](http://www.deagel.com/country/United-Kingdom_c0209.aspx)
- Germany (53 million people to be murdered)  
[http://www.deagel.com/country/Germany\\_c0078.aspx](http://www.deagel.com/country/Germany_c0078.aspx)
- Belgium (3 million people to be murdered)  
[http://www.deagel.com/country/Belgium\\_c0021.aspx](http://www.deagel.com/country/Belgium_c0021.aspx)

The perpetrators are the leadership of the military and the Intelligence Agencies in Europe and the US. It is also known that Heads of State are involved with one European Head of State having been reported to refer to it as "The Great Culling" as a well-known fact. They need to be prosecuted to stop this horrific criminality that we have not seen in Europe since Nazi Germany in World War 2.

In the case of crimes against humanity and genocide, every parliamentarian and every law enforcement agency in Europe has a statutory duty to act. With this, I request that you make the investigation and prosecution of these crimes the main agenda point of the LIBE and SEDE Committee and begin to coordinate the shutting down of the criminals with the US delegates. The NATO Space Command is under the leadership of a US Air Force general, General Harrigan. He refuses to acknowledge or respect legal demands to Cease and Desist. The man is an out of control war criminal who is murdering the European population. Thus, it is also the duty of the Americans to shut these criminals down.

I also would like to testify at this point that I started being assaulted by Directed Energy Weapons around the clock in 2016, which continues to this day, such that I am writing these lines with non-stop high-intensity Pulsed Energy Projectiles from Directed Energy gunning my body as I am sitting at my desk. I measured these assaults and proved the existence of the non-consensual implants in my body several different scientific ways and also have the measurement from a university in Belgium showing radio-frequency emissions coming from my body in a frequency range that is very close to the one used by the mobile phone telecommunication systems. In spring/summer 2016, I litigated against British Intelligence in relation to these crimes in the case

*Dr. Katherine Horton v SIS (MI6), MI5, GCHQ [2016] EWHC 2095 (QB)*

During the litigation, MI6 tried to murder me in Switzerland and when the assassination attempt did not succeed, MI6 used Swiss Intelligence and NATO satellite weapons to step up the Directed Energy Weapons attacks on me in retaliation such that the litigation had to be terminated because I was not fit to conduct the trial.

During the past 3 years of my torture, I have submitted countless Cease and Desist requests to all of British, German and Swiss Intelligence. They have not just refused to stop the maiming of my body but they also retaliated with ever more brutal attacks on me and my family.

At this point, all my rights including my right to life, my right to privacy, my right to property and my right to my body and my health have been violated in a premeditated fashion continuously with physical attacks at a frequency that ranges from every few minutes to every few seconds combined with non-stop body implant torture and multiple counts of rape per day.

It is your direct legal responsibility to assist me and victims like me to shut these criminals down immediately.

Please take immediate steps with the LIBE and SEDE Committees to submit the already published affidavits, which you can find in the link below and summarised in my analysis attached here, convene a session to hear testimonies from the victims and to initiate all necessary steps with the European Parliament to have these crimes shut down and the neo-Nazi criminals arrested.

Please also acknowledge receipt of this information as this notice is going to be used in litigation.

Yours sincerely,

Dr. Katherine Horton
